- Take advantage of the cram courses (Prep Review and Exam Simulator) within your preclicensing course during the waiting period.
 - Prep Review Course: This part of the training features content “boiled down to the essence” of the state exam. Chapters have only a few pages of material, but the content must be mastered to pass. Instructionally designed to teach individuals how to pass, most study effort should be invested here. Chapter exams are substantially larger (50+ questions), providing exposure to the types of questions seen on the state exam.
 - Exam Simulator: These special exams are designed to gauge content retention levels. Important: Only take the Exam Simulators after the Prep Review Course has been successfully completed. It ensures these questions will be “fresh in the mind”.
- **On the day of testing**, you must have the following items:
 - Two forms of identification bearing your signature, one of which must be a valid government issued photo id
 - Candidates who have changed their names must provide written documentation of the change. This documentation may be a copy of a marriage license, divorce decree, or other official document.
